

Centre: Bhubaneswar.

Good afternoon ladies. I am <name of moderator> and have come from <name of marketing research company>, which conducts various types of research works. We need to know so many things from the people like you. Basically we collect some information on a product or a topic by discussing with the people. We might get more information from you if you could feel free to express your views more and more so as to enable us getting more information. Now we are doing a research in Bhubaneswar on different types of “FOODS” and “TAKEING HABITS”. Today’s discussion might take about two hours of your time.

As it will be very difficult to note all your valuable responses, if you permit, we will have an audio and video recording of the discussion in order to correctly record all your responses. Pease share your responses freely without thinking it might be wrong or right. Whichever you like to share, please feel free doing it. This recording will be kept confidential and will not be disclosed anywhere outside. Moderator: Do you all agree to record our discussion?

Respondents: Yes.

Moderator: Whatever is being recorded is for our official analysis, once our analysis is completed, this recording will be deleted. I have given my introduction and now you all please tell me something about you.

Moderator: Do you all make any special items when some guests come at home?

Respondents: First we offer them some snacks and tea. If they come then prepare some dish and serve them to take, we can't give them mix veg, rice or roti. At least we give them egg item to take if nothing is present at home.

If they come to 10 to 20 minutes then we give them some snacks like mixture, biscuits, cold drinks etc. If any guests come to stay for some time or some days then we prepare some special dishes and serve them.

Moderator: Sometimes you change the items or food that you take regularly, why?

Respondents: If some Puja is there like Durga puja then during that time we make many types of pan cakes like Modak, Kakra etc. We prepare khichdi, dalma and all. During puja time we make different food items and pan cakes in our houses.

Moderator: And for what other reasons do you change your regular food?

Respondents: As per season we change our food stuff.

Respondent: We change because of taste. We change due to the interest of children also.

Respondent: The vegetables that we get in each season, if we take those during that time then it tastes good. It is also good for our health to take the vegetables that comes in each season.

Moderator: Like you all said that if some guests come then you change the food, why?

Respondents: We change in order to treat them well.

Respondent: We make some different things like chicken or egg, papad, chips and all.

Transcription_Urban_Odisha

Respondent: We cook some vegetables, chicken kassa, chilli chicken, salad. We make little different if any guests come home. Some extra items are added along with our regular items.

Moderator: Who selects the menu that will be made on particular occasions like on Pujas and all?

Respondents: We make the selection of our own. Our husbands' give us the money and we decide what all have to be made.

Moderator: On festival like Eid who takes the decision about what to be made and all?

Respondents: We prepare chicken biryani and other items. We make the decision of our own.

Moderator: Do you order food from outside sometimes on some occasions?

Respondents: No, we make the food at our home only.

Respondent: We sometimes order the food from outside like on Sundays but not on occasions.

Moderator: What all do you order from outside?

Respondent: Biryani, Roll, chilly chicken etc, we definitely go out on Sundays and bring something from outside or take outside and come home.

Moderator: From where do you bring the grocery items for home?

Respondents: From the market.

Moderator: Who brings the grocery in your home?

Respondents: I bring them myself.

Respondent: I too bring groceries myself.

Respondent: I go along with my husband and bring the groceries.

Respondent: Sometimes I bring them myself. Sometimes I go with my husband and bring or I ask him the things to bring from the market.

Moderator: Who brings the dry food items to your houses?

Respondents: We prepare the list of all the things and go along with our husbands' and bring all which we need.

Respondent: We bring all the things along with the grocery.

Moderator: Who take the decision of what dry foods to bring like cashews and ground nuts etc.?

Respondents: We take the decision about what all items have to be bought.

Respondent: I too take the decision of my own.

Respondent: I take the decision about what all items have to be bought.

Moderator: From where do you all bring them?

Respondents: We bring them either from the market or from the malls.

Respondent: We bring grocery from nearby shop Maha kali. We have a Reliance fresh nearby to our house; we bring it from there also.

Moderator: You said that you bring it from mall, why do you bring from mall?

Respondent: Because we will get good things from there.

Moderator: Do you bring regularly from mall and which mall?

Respondent: Yes, we bring regularly from the Reliance Fresh Mall.

Moderator: What is the difference in Reliance Fresh and a normal grocery shop?

Respondents: Usually we get good things in the malls hence we bring it. In other shops all the things will be laying open which might not be of good quality. We get discounts from the mall; we have a reliance card also.

Respondent: We too bring it from the mall, I prepare the list like nuts, biscuits and all then my husband brings it from Reliance fresh or we go together and bring those.

Respondent: We bring flour, sugar, dal, and all from Maha Kali and other things like cashews from Reliance fresh. We get cashew also in Maha kali shop. We get all the things except ghee and oil in Maha kali shop.

Moderator: Why do you prefer to bring from Maha kali shop?

Respondents: Because we get fresh and good items there.

Respondent: I have been giving sattu (grinded grams and wheats) to my daughter from the age of six from Maha kali shop. I too bring things from there.

Respondent: We get Mandia powder of good quality(Raagi) from there. You don't get Raagi anywhere else.

Moderator: Madam, from where do you bring your grocery items?

Respondent: I bring it from nearby shops as well as from Reliance fresh also.

Moderator: Why do you bring from nearby shop instead of Reliance fresh or other malls?

Respondent: We bring heavy items like rice packet, dal, sugar and all from nearby shops. One of our relatives has a grocery shop hence bring it from there. I bring dry fruits, biscuits, butter, chips, cosmetics products etc. from Reliance fresh.

Respondent: We get different varieties in Reliance fresh hence we bring it from there. If we go to shops then we have to ask them like Garnier cream then it is possible that he may give us some different cream. But in Reliance fresh we choose it by ourselves and bring it.

Respondent: We bring our grocery from wholesalers in every week. We bring from there because it is nearby to our house.

Respondent: We too bring it from wholesale shop because we are getting it little cheaper as compared to malls.

We bring it from Rupali and Big Bazaar. We are getting offers in Big Bazaar hence we bring it. We bring soaps, detergents like surf mostly from Big Bazaar. We bring dal, rice, sugar, TURMERIC, chilli powder and other grocery items from Big Bazaar because we get some offers there.

Transcription_Urban_Odisha

I bring grocery from Reliance fresh or from the market. Most of the times I bring from Reliance fresh because I bring baby powder, baby soap for my baby. I bring cream, shampoo, and perfume for myself. Some grocery items I bring from there and some I bring from the market.

Moderator: Why do you prefer to bring from Reliance fresh?

Respondent: It is nearby to my home hence it is easy for us to go and bring it as well as there are offers.

Moderator: Do you all bring monthly ration or weekly?

Respondents: We bring monthly ration.

Respondent: I bring it on weekly basis.

Respondent: I bring it on monthly basis.

Respondent: I too bring ration for a month.

Moderator: Do you shop online?

Respondent: I do online shopping for dry fruits and cosmetics.

Respondent: I do online shopping for makeup items.

Moderator: Have you ever ordered grocery items online?

Respondents: No.

Moderator: Why?

Respondents: We know that we can order it online but have never tried it.

Respondent: There is always a fear that whether it will be of good quality or not. It is not sure whether we can get the same quantity ordered or it will be less than it.

Respondent: It is better to visualize in our eyes and bring the grocery items from the shops.

Moderator: When you go to purchase the grocery items then what all you have in mind that a grocery item should have?

Respondents: We prepare the list and take along with us.

Respondent: It should have good taste, good quality and besides, the price should be less.

Respondent: It should not be duplicate item. Like now-a-days you are getting something mixed in Khas-khas (poppy seeds) etc. We have to keep all these things in mind and purchase it. In soya bean badis they are mixing some wooden powder (saw dust), we have to check all these things.

Moderator: So what all you keep in mind when you go to purchase grocery from the market?

Respondents: We look for the best things, discounts, and moderate prices in good packaging.

Moderator: Why you look for packaging?

Respondents: If we buy loose grocery items, then there will be insects and other impurities. It is good to bring all the things which are packed.

Respondent: We bring all the things in packets like Ruchi and Bharat Masala. We bring oil in packets, cumin, turmeric, semolina packet etc.

Moderator: How do you come to know which item have what nutrition?

Respondents: It will be mentioned on the packet as written on the packet of oil.

Respondent: We bring Nutrella biscuits and it is mentioned there also about nutrition.

Respondent: We like to read all the things and then purchase it.

Respondent: Rishta mustard oil is good to consume. It is written double hiran on the packet. We know that it is good because when we put it to fry something then our eyes will burn.

Respondent: We look at the packaging and read all the things which are present then bring it. Like milk there is 3 to 4 types of milk which is coming to market, we look at the packaging and check the date and bring it.

Moderator: How do you come to know that a particular thing is good for health?

Respondents: We will read all the things and bring it. Like in electrical materials you should have ISI mark in the same way we look for grade mark, logo, what all ingredients are present and how much quantity of it is present. We look the manufacturing date and expiry date also.

Respondent: What all ingredients are mixed and in what quantity it is present like how much cholesterol, fats, vitamins, proteins, carbohydrates, low calorie etc. and all these things are mentioned on the packets. Hence we read all the things and bring all the products.

Moderator: What do you understand by easily available?

Respondents: It means we can get the things easily from any of the nearby shops and within our budget.

Moderator: If any item is far off to your place like 2 kms away from your home then what will you do?

Respondents: We will not bring from there.

Respondent: We need items to be easily available and in lesser price with good quality.

Moderator: Do you all keep the price in mind?

Respondents: Yes. We should get products of good quality and it should be within our budget.

Respondent: There should not be any side effects of it.

Moderator: Whenever you go to purchase anything, do you keep the advertisement in mind?

Transcription_Urban_Odisha

Respondents: Yes. We watch the TVads in mind and purchase it.

Respondent: We watch ads of oil, ghee, flour etc.

Moderator: Apart from TV, where all do you see the advertisements?

Respondents: In newspapers.

Advertisements are pasted in hoardings; whenever I go to purchase I watch all those and purchase it.

Respondent: Our neighbors also tell us sometimes like this oil is good and all.

Moderator: Do you all keep in mind about promotions like someone has come and show you demo about it?

Respondents: Yes we look at it like before using soap, cream or surf, we always like to have a demo of it. If we don't have any side effects then we like to buy and use it.

Moderator: Do you look at discounts in promotional offers?

Respondents: Yes we look at the discount but the product should also be good in quality.

Respondent: We should look the expiry date and purchase things because there are some things whose expiry date is over then they are giving offers. We should always keep in mind about the expiry date and purchase things.

Moderator: Do you keep in mind like which thing to bring so that we can cook it easily?

Respondents: Yes like we are getting ginger-garlic paste readymade, if we could also get cumin and coriander pastes then it would be even better.

Respondent: If we would have got mustard paste then it would have been good.

Moderator: You can get mustard paste in the market now.

Respondent: I have not bought it till now.

Transcription_Urban_Odisha

Respondent: Yes, they are putting vinegar in that paste so that it will last longer.

Moderator: Do you keep in mind about the smell?

Respondents: Yes.

Moderator: Why?

Respondents: If smell is good then it will taste good.

Moderator: Have you ever faced any financial problem in purchasing any grocery item? Like suppose your monthly grocery budget is Rs 3000 or Rs 5000 but due to some problem your grocery budget is reduced?

Respondents: In that case we bring little lesser quantity like instead of 500 grams we bring 250 grams and adjust with that.

Respondent: We bring little lesser quantity like suppose we were bringing 5 packets of oil then we may bring 4 packets and adjust in that month.

Respondent: As per the budget we reduce all the things and bring it.

Moderator: What all do you think are important to be present in the food that you take?

Respondents: It should be nutritious, contain vitamins, proteins, with low calorie and low cholesterol.

Moderator: How can you know that it is a good food?

Respondents: It should be tastier to take, good in look with good smell and decoration should be good.

Moderator: How can you know that it is good for health or not?

Respondents: Suppose we bring a dal packet then we look at the ingredients in it and bring it.

Respondent: First we will look at the manufacturing date and expiry date. We look at the quantity of protein, carbohydrate, calcium, vitamin, energy etc.

Moderator: How do you come to know that it will give you energy?

Respondents: It will be written in the chart about what all the ingredients present in it. We can know it by reading it.

Respondent: It is after taking and using, we can know that it has energy or not.

Moderator: By looking at what do you come to know that it is good for health?

Respondents: If we put good quality things and prepare with good sunflower oil or olive oil and all then we know that it is good for our health.

Respondent: There should not be more spices or oils and it should not have been fried more then we can know that it is good for our health.

Moderator: By looking at what do you come to know that a food will make your stomach full?

Respondents: If it is tasty then we will feel our stomach full.

Respondent: If children tell us that we have prepared good food.

Respondent: If we like something then we would like to take more, then our stomach will automatically get filled.

Moderator: What should be present so that you can know that the smell is good?

Respondents: While preparing the food we get the smell of it. If the smell is good then we can know that the food will taste good.

Moderator: How will you know about the texture is good or not?

Respondents: If we taste it then only we can know whether it is good in texture or not.

Moderator: Do you all like to take healthy foods or health conscious food?

Respondents: Yes.

Moderator: Why?

Respondents: Because now-a-days we are falling prey of several diseases like high B.P, diabetes, cholesterol etc.

Moderator: Is there any difference in food that you were having earlier and now?

Respondents: Yes.

Moderator: What were your food habits 5 to 7 years back and what are your food habits now?

Respondents: Earlier we used to get good vegetables but today they are using more pesticides growing vegetables, they are putting colors having chemicals and displaying in the markets. In everything they are using chemicals now-a-days.

Moderator: So what are you doing for that?

Respondents: We are looking at the quality and buying. They are giving colors in several vegetables like tomatoes, snake gourds, bitter gourd etc. and selling to the people in the market. But, we should look the quality and buy them so that we may cook and serve our children.

Moderator: Are you adding oats, olive oil and other useful things now?

Respondents: Yes, oats have fibers hence we buy and cook it. We can prepare oats with spices as well as we can prepare stuffs like kheer and have it.

We add flour with fine flour (maida) and prepare some food items, so that there will be less chance of problem of gastritis. We are preparing cakes of flour. We also bring breads of flour.

Moderator: Why are you bringing breads of flour?

Respondents: Because we are health conscious, we want to stay healthy. We know that fine flour (maida) is bad for health and flour of wheat is good for

Transcription_Urban_Odisha

health. Hence we like to purchase things made of flour. We bring brown bread, flour noodles and flour cakes and all.

Moderator: What all are you doing so that you will remain fit as well as your family members?

Respondents: We are bringing good quality oils, spices etc. and using those.

We are using branded things in our houses.

We are buying fresh vegetables and cooking.

We are doing morning walks and doing yoga etc.

We are using less oil, less spices and green vegetables.

Moderator: Thank you very much ladies for your participation in the discussion and for sparing your valuable time.
